Dharamshala is among one of 125 cities which are identified by Government of India for complete saturation. Under the Scheme, collateral free working capital loan of up to Rs. 10,000 will be extended to the Urban Street Vendors vending on or before 24th March, 2020. The tenure of the loan is 1 year and will be repaid in monthly installments. On timely or early repayment, the vendors will be eligible for the next cycle of working capital loan with an enhanced limit.

The vendors, availing loan under the scheme, are eligible to get an interest subsidy @7%. The interest subsidy is available up to March 31, 2022. AGENDA ITEM NO.-4

4.1 VILLAGES UNCOVERED BY FINANCIAL INFRASTRUCTURE ON JAN DHAN DARSHAK APP

The Mission Office is time and again sharing the list with us pertaining to unbanked villages in HP State which has no banking outlet (branch, BC or ATM) within a radius of 5 kms. As per extant RBI Policy, there should be a banking touch point within a radius of 5 kms at least in the form of BC. A brick and mortar branch should be opened in the area having population of 2000 persons or 500 households.

Till September, 2021, there were 59 villages without Banking Touch Points in the State as per DFS portal. In 161st SLBC Meeting the issue of thin population in Lahaul & Spiti and Kinnaur Districts were taken up with DFS, which was also attended by Director, DFS Mr.Sanjay Kumar, with recommendations either to enhance the radius to 15 kms as a special case or consider these centres as banked because regular banking services were already being provided through one or more banking touch points. Vide DFS letter No.08.04.2021-FI(Mission Office) dated 01.11.2021 DFS, Ministry of Finance, agreed to our proposition recommended by SLBC and minutised requesting to accept the suggestion looking to the genuineness of topographic conditions. As per latest report only four villages, as given below, are remaining as unbanked as per DFS Portal, however, banking facilities are equally provided to the people of these villages.

At present the below mention 4 villages are only Unbanked Villages in HP State.					
Sr.	Distt Name	Sub-Distt Name	Village Name	Population	Served by
1	Kangra	Fatehpur	Mohli Khas (14)	239	KCCB, Indora
2	Shimla	Chaupal	Jabna (67)	79	IPPB, HPSCB Deha
3	Shimla	Theog	Jangal Chadaha(61)	108	IPPB, SBI & HPSCB, Deha
4	Shimla	Theog	Jangal Khagn (60)	63	IPPB, SBI & HPSCB, Deha

The Kangra Central Cooperative Bank reported that they have entered the lat-long on portal but still the center is being shown as unbanked. We request NABARD to look into the matter. Moreover, the nearby bank branches of any other bank may also explore possibility to appoint a BC in the area.

The SBI has updated the information of BCs engaged by their Bank at Tai in Chamba District who is covering other two villages Rusmas and Sural Bhatore as well.

In the last Steering Committee Meeting it was decided that concerned LDMs alongwith LDO of RBI will visit 1 unbanked village in Kangra District and LDM Shimla. The LDM Shimla has visited the said 3 villages of Shimla District along with LDO Mr.Amrender Gupta of RBI Shimla, on 07.03.2022. The LDM Shimla has submitted his findings which convey that Jangal Chadaha and Jangal Khagn are inhabited by only migratory people who have their orchards in the area and stay there only for harvesting and return to the permanent habitats in Godna panchayat. The visit report explains that these are the same people who are having double establishments and return to lower heights during winter when nobody lives there. The banking services to these people are provided by SBI and HPSCB Deha. **The HPGB has appointed BCs at Jhina and Nanahar villages.** The distance from these villages up to Jabna is less than 2 kms but the location of the BCs is slightly beyond the radius of 5 kms shown on portal. However, google map also shows the distance less than 2 kms between these villages. The people of Jabna are getting banking service

from this BC and HPGB, Basadhar, UCO Bank & HPSCB, Chopal & Marawog and SBI Chopal. He also added that presently there are only 7 families having inhabitable interest at Jabna.

We may add that 3 villages of Shimla District were shown allotted to IPPB. We have received a letter from IPPB dated 22.02.2022 conveying their inability to cover these villages as their operations in the area are not on CBS. We need to allot these villages to some other Banks operating nearby area. It can be done only after joint survey by the LDM and LDO.

Now only 4 villages are left to be covered i.e. one in Kangra District and 3 in Shimla District.

However, pending the survey by LDM & LDO of Mohli Khas village, we found on dbtgis.nic.in portal that SBI at Khui Khera village, in the vicinity of Mohli Khas in Kangra District, has installed an ATM. We may request SBI to appoint a BC by their Bank as KCCB do not have BC concept in their Bank.

The RBI may call for the explanations of LDM and LDO Kangra for not complying with the instructions as well as SBI may come forward voluntarily to appoint a BC in Mohli Khas village where they have already an ATM at village Khui Khera which falls within 5 kms radius.

Representative from SBI may apprise of the current status for engagement of BC and updating of information of dbtgis portal. House may deliberate upon the situation of other 3 unbanked villages of Shimla District.

4.2 EXPANDING AND DEEPENING OF DIGITAL PAYMENTS:

National Payments Corporation of India (NPCI) is an umbrella organization managing all Retail Payments in India. With a view to augment the pace of digitalization and fulfillment of Digital India Mission in HP, Chief, Business Development, NPCI, New Delhi has written to a letter to Chief Secretary of the Himachal Pradesh on 02.12.2020, with a copy to SLBC to share the concern of NPCI with member banks operating in HP State. NPCI has highlighted few below mentioned parameters for immediate attention and implementation in the State of HP.

1. BHIM-UP QR and Rupay NCMC in Transport Buses.
2. BHIM-UP QR for all Cash Points in the State.
3. BHIM-UP QR for collection of Taxes.
4. Enablement of UPI/Rupay on all Government Websites and counter to accept payments.
5. Digital payments option by all merchants.
6. BHIM-UP QR enablement on all Tourism ticketing and collection.
7. On the spot facility of challan payments via Debit/Credit and UPI.
8. BHIM-UP QR for all Customer Service Points as payment option.
9. NETC enablement on all State Toll Plazas.
10. Rupay Debit Card to all State Government Employees.
11. DBT via NACH on Account or Aadhaar based.

Additionally, with a view to encourage digitization of payments and enhance financial inclusion through digitization, a High-Level Committee on Deepening of Digital Payments under the Chairmanship of Sh. Nandan Nilekani, former Chairman, UIDAI was constituted by Reserve Bank of India in May 2019 and made recommendations related to leveraging of SLBC mechanism for deepening of digital payments.

In this backdrop, SLBCs were tasked with setting-up a “Sub-Committee on Digital Payments” and identifying one district in each State to be converged with ‘Transformation of Aspirational District’ programme of the Government of India to make it 100% digitally enabled WITHIN A TIME FRAME OF ONE YEAR in close coordination and collaboration with all stakeholders, including SLBC, State Government, RBI etc.

The sub-committee on Digital Payments constituted by SLBC, H.P., in its meeting held on 16.10.2019 unanimously identified Hamirpur district in the State of Himachal Pradesh. Punjab National Bank is the Lead Bank in District Hamirpur. Consequent to this, during the course of deliberations in the 154th SLBC meeting, Mr. Anil Kumar Khachi, Chief Secretary, to the Govt. of H.P. opined that in addition to Hamirpur, State Bank of India and UCO Bank, being the major Banks in the State should identify one more district each and ensure that the identified districts are enabled digitally. Pursuant to this, SBI has been entrusted with district Chamba which is also an aspirational district and Solan is identified by UCO Bank.

Sub-committee on Digital Payments is entrusted with the given indicative list of agenda points:

1. Mapping of financial institutions for DBT transfer and Aadhaar linking with Bank Accounts.
2. Identification of shadow areas where brick and mortar branch opening is not feasible by strengthening the services of Business Correspondents.
3. Enhanced financial literacy activities for spreading the awareness for DBT benefits and increasing digital payment systems amongst the rural beneficiaries.
4. Narrowing the gap of basic banking facilities with technical expertise.
5. To monitor the P2P points, issuing Debit Cards and establishment of POS for effecting Digital Payment.
6. To assess and enhance Transactions between G2M, G2P, P2G, M2G with involvement of State Government.
7. To arrange digitalization of Mandis, Haats, wholesale markets for the benefits of rural consumers.
8. Shifting from Cash Transactions system to Digital Receipt/Payment system in all Government Departments where financial transactions are involved.

As per the preliminary feedback received from stakeholders, special thrust to digital Business to Consumers (B2C) and Consumers to Business (C2B) transactions should be given in the identified districts which would act as a catalyst for achieving the objectives of the programme. Hence, following actions are suggested:

1. Time bound roadmap to all branches of member Banks located in the districts for on-boarding merchants/traders/business/utility service providers to facilitate fully digital transactions by October, 2020 have been devised by SLBC.
2. A field level assessment/survey of merchants/traders/businesses/utility service providers located in the identified districts to be conducted by LDMs.
3. Targets have been assigned for on-boarding merchants other than those already covered by branches in such a manner that all the merchants operating in the identified districts are effectively enabled for facilitating digital transactions.
4. Issues related to availability of digital infrastructure, connectivity, etc. in the identified districts may be looked into and reviewed by the Sub-Committee of the SLBC. Such issues raised by the field functionaries shall be addressed by Telecom Service Providers.

The above suggested measures and strategies are being meticulously followed up by SLBC. Also, the Convenor Bank is continuously monitoring the progress of the roadmap on monthly basis.

a. **Revision of Targets- Minimum number of Aadhaar Enrolment and update to be done by Banks**

Considering the overall achievement of target by banks during pre-Corona period, low footfall for Aadhaar activities in some areas and the present pandemic situation of COVID-19, UIDAI vide its circular dated 24.07.2020 has relaxed the financial disincentive for not achieving the target (@Rs. 20,000/- per branch) of 8 enrolment/update transactions per day per branch up to 30th September, 2020.

Target of enrolments/ updates have been revised by UIDAI for the banks from 1st July 2020 onwards and are as follows:

1. From 01.07.2020 to 30.09.2020: Min. 4 enrolments/update per day per branch
2. From 01.10.2020 onwards: Min. 8 enrolments/ update per day per branch

In case the bank fails to meet the above revised targets, financial disincentive will be levied from the month of October, 2020 onwards.

b. **Audit and Inspection of Aadhaar Centres Operated by Banks**

As per communication received from UIDAI, complaints are being received of the nature like overcharging, denial of services, misbehavior, violation of UIDAI guidelines, etc from general public. All banks are requested to keep a check on operators/ supervisors providing Aadhaar services to the residents.

As per latest UIDAI office memorandum OM No. 4(4)/57/372/2016/E&U-I dated 09.05.2020, charges to be applicable to the Residents for various Aadhaar services at all Aadhaar Enrolment and Update Centres are as follows: -

Services	Rate of fee to be collected from Residents by Registrar/EA (incl. GST)
Aadhaar Enrolment	Free of Cost
Mandatory Biometric Update (MBU)/MBU along with demographic update	Free of Cost
Biometric Update with or without Demographic update	Rs. 100.00
Demographic Update	Rs. 50.00

e-Aadhaar download and colour print on A4 Sheet	Rs. 30.00
---	-----------

To overcome all the above mentioned issues, SLBC have also instructed the LDMs in the State vide email dated 10.11.2020 to carry out inspections of Aadhaar Enrolment Centres in their respective districts. It has been decided to inspect at least two Aadhaar Enrolment Centers per week per district. The checklist designed by UIDAI for this purpose has been shared with the LDMs and has to be furnished after every inspection of Enrolment Centre.

The representative from UIDAI may deliberate on the issue.

4.5 Issue regarding Mortgage of Immovable Property of any person belonging to Scheduled Tribes in District Kinnaur – Himachal Pradesh. Permission for Mortgage of land and property situated in tribal areas in the State for availing credit assistance from banks and FIs

In 136th and 137th SLBC quarterly review meetings, the above issue had been deliberated with a request to the State Government authorities to permit Banks for mortgage of immovable property belonging to the scheduled tribes in the State which at present is not been permitted as per provisions under Himachal Pradesh Transfer of Land (Regulation) Act 1968.

In District Kinnaur (Tribal district), Scheduled Banks cannot mortgage the immovable property of any person belonging to Scheduled Tribes, due to restriction imposed under section 3 (1) of Himachal Pradesh Transfer of Land (Regulation) Act 1968 on every person belonging to Scheduled Tribe from transferring his interest in any land by way of sale,

mortgage, gift or otherwise to any person not belonging to such tribe except with the prior permission in writing of Deputy commissioner.

As a result of above provisions of the Act, Scheduled Banks are facing legal hurdle in extending credit facilities to the inhabitants of the tribal areas in hassle free manner. In addition, Banks are not entitled to initiate action under the SARFAESI ACT 2002 and therefore huge funds of Banks have struck up due to non-recovery of bank dues from the defaulter borrowers.

Current Status: The matter referred by Govt. of Himachal Pradesh to Government of India for obtaining necessary approval in the matter.

House requests the representative from Tribal Development Department to apprise of the latest position in the matter.

4.6 RWBCIS: LOSS DUE TO HAILSTORM TO RABI 2019-20 APPLE CROP.

Banks are insuring apple crop for general and hailstorm loss under RWBCIS Scheme of the Centre Government. The premium is deducted from borrower accounts and sent to respective Insurance Company by the Banks. For insuring apple crop, UCO Bank Anti and HPSCB Jubbal, deducted farmers' premium to provide add-on cover to insure the hailstorm loss and premium was remitted on 03.01.2020 to Agriculture Insurance Company, Chandigarh before the last date of remittance i.e. 04.01.2020.

During the month of May, on 9th & 10th, there was huge hailstorm in Jubbal and Anti area which caused heavy loss to apple crop. On 12th May, UCO Bank, Anti sent information through mail to AIC, Chandigarh. On receipt of the information, on 25th May, 2020, AIC returned the premium amount and informed through mail as under:

“With reference to trail mail, we would again like to clarify your good-self that Add-on/Index cover for hailstorm is optional and only those farmers are covered which have been insured under main cover and whose proposal forms along with land documents have been received on or before 04.01.2020. Moreover, there is no provision to enter Add-on cover data on NCIP (National Crop Insurance Portal). Only data for main cover is uploaded on NCIP. Mere submission of premium amount and sending excel sheet of compiled farmer-wise data to insurance company does not ensure coverage of farmers under Add-on cover.

As no proposal form and land document have been received from your branch within stipulated time, accordingly no farmer was insured under Add-on cover and the excess premium has been refunded on 29.05.2020.”

The affected farmers lodged the complaint with Director, Horticulture and a reconciliation meeting with farmers, Insurance Company, Branch Managers of Jubbal and Anti Branch along with representative from SLBC was held at the office of Director Horticulture, Nav Bahar, Shimla on 30.06.2020.

The matter remained pending with AIC & Director Horticulture. On 05.11.2020, Director Horticulture conveyed his decision to HPSCB Jubbal and UCO Bank Anti, with a copy to SLBC that the Banks are at fault and will have to bear the loss. The logic for declining the claim is that premium was deducted after due date i.e. 20.12.2019. But the Notification well clarifies that Banks/Insurance Companies will accept the proposals, premium and other documents showing insurable interest till 20.12.2019. It means that loanee farmers who have been sanctioned KCCs (causing Insurable Interest) up to 20.12.2019 and non-loanee farmers who have submitted proposals up to 20.12.2019 shall be eligible for insurance. Premium was to be deducted from 21.12.2019 till 04.01.2020 and remitted to Insurance Company on or before cut-off date i.e. 04.01.2020 along with summarized detail of farmers. The Banks have followed the stipulated time line.

The matter was taken up with Ministry of Agriculture and Farmers Welfare, Govt. of India during a VC wherein they clarified that if the hard copies of proposal forms were not received by AIC, they should have refunded the premium within 45 days after the receipt of premium as they have sufficient detail of the add-on cover premium which was provided to them on 04.01.2020 by the Branch through mail. The Banks have raised the objection that AIC refunded the premium only when claim was lodged. They kept the premium with them for 5 months and returned on 29.05.2020. It is worth noting that add-on cover and other regular premium was remitted on 03.01.2020 along with detail of farmers in excel file but company returned the premium for add-on cover only stating the remittance of premium after due date.

The matter was taken up in Steering Committee Meeting also on 16.12.2020. It was suggested to place the matter before SLBC meeting as well.

It has happened during Rabi 2016-17 also when hail storm loss was claimed by the farmers, insurance company settled the claim only for 2% of farmers and all others was declined, for which farmers have filed a writ petition in HP High Court on 06.01.2020 in the name of Sh. Ravinder Singh Chauhan & Others Versus State of HP & Others, after failed persuasion with Insurance Company.

On 10.06.2021, Director Horticulture convened a reconciliation meeting with SLBC & Insurance Co. to settle the issue.

It was also discussed in the PMFBY/RWBCIS meeting held under the Chairmanship of Chief Secretary on 01.11.2021 alongwith Director Agriculture, Director Horticulture, and Insurance Co. The CS has directed the RM AIC to resolve the issue at an early date. No outcome reported till date.

The matter is placed before the House for information.

Government has allowed entrepreneurs to produce ethanol directly from sugarcane juice by establishing a factory/sugar factory and also allowed B- heavy for production of ethanol other than blending. Standard Operating Procedure (SOP) has been issued by SBI / other Banks for faster loans to ethanol projects. Roadmap for ethanol blending in India 2020-25 released by Hon'ble PM on 5th June, 2021. In next ethanol year E10 fuel will be made available Pan India. E20 fuel will be made available from April 2023 in phases and pan India in 2025. BIS specifications for E 12 & E 15 blending have been notified on 2nd June, 2021.

Pilot project of E 100 dispensing from 3 locations at Pune launched by Hon'ble PM and it observed that enough availability of raw material like Sugarcane, Molasses, Damaged Food grain (Broken Rice), FCI Rice, Maize etc. exists in the country. OMCs being the assured buyer for ethanol have given comfort for purchase of ethanol from distilleries for next 10 years. Tripartite Agreement between Distillery, Bank and OMC gives extra comfort to banks for lending wherein 6% or 50% of loan interest whichever is less, Interest subvention from Central Government shall be provided. Various incentives by State Governments in their Industrial Policies have been announced, as such, the upcoming ethanol projects are viable.

The Government of India has fixed target of 10% blending of fuel grade ethanol with petrol by 2022 & 20% blending by 2025. Requirement of ethanol to achieve 20% blending in 2025-26 is 1016 cr ltrs and for other users would be 334 cr ltrs. Against total requirement of 1350 cr ltrs, 684 cr ltrs can be met by sugar industry; & remaining 666 cr ltrs by grain based distilleries.

To achieve 20% blending from 2025, following ethanol quantities are required to be supplied from Punjab 30 Cr ltrs, Haryana 34 Cr ltrs, Himachal Pradesh 10 Cr ltrs, Chandigarh 5 Cr ltrs and Jammu & Kashmir 11 Cr ltrs. So States should have at least 20 % more ethanol production capacity than the required quantity of ethanol for blending within the state & additional capacity to supply to neighboring States.

Year-wise capacity utilization up to the year 2025 is given below:

Ethanol Supply Year	Blending level	Ethanol Requirement			Capacity Requirement		
		(in crore litres)			(in crore litres)		
		For blending	For other uses	Total Requirement	Grain	Molasses	Total

State Governments to facilitate entrepreneurs in arranging land, water for project, to get EC & other clearances & facilitate them in setting up of distilleries. For EC, States should also issue standard ToR within 24 hrs, as is done by MoEF&CC. MOEF&CC has delegated powers to States for issuing EC to molasses based distilleries up to 100 KILO LITRE PER DAY and 200 KILO LITRE PER DAY for non-molasses based distilleries. Most of the ethanol projects fall in this category. It is requested to expedite clearances by State Pollution Control Board/State. As per IDR Amendment Act- State Govt should not impose restrictions on movement of fuel grade ethanol and should not levy any fee or tax on fuel grade ethanol. Progress may be reviewed periodically including in SLBC & intimated to DFPD on email ethanol.fpd@gov.in.

The Member Banks may apprise the House about the projects, if any, taken up by them.

As per information available with SLBC, the following projects are being undertaken by Banks. We also request Department of Industries to please explore the possibilities to invite the entrepreneurs of this field to HP and refer the proposals to Banks functioning in HP.

Observations:

I) Eight districts namely **Bilaspur, Chamba, Hamirpur, Kangra, Lahaul & Spiti, Mandi, Shimla and Una** have persistently critically low CDR below 40%. The issue of low CD ratio in districts mentioned above needs immediate attention of DLCC for review the position of low CD ratio in Special Sub Committee (SSC) of DLCC. The SCC in each district is requested to hold the meeting under the chairmanship of District Administration to prepare Monitorable Action Plan (MAP) and monitor the progress at the short intervals to achieve sustainable growth in CDR in a phased manner.

LDMs may apprise the House on the status of holding of meeting of Special Sub Committee (SSC) on CDR in their district and the important observations made by the SSC for improvement in CD ratio.

II) Strategy and Action Points for improving CDR:

The coordinated efforts by the stakeholders may bring improvement in CD ratio in the State. Special drive is needed for large size credit proposals by Banks on one hand and a conducive environment for infrastructural growth and development on the other hand. Credit expansion by banks in the preferred sectors/ activities mentioned below may improve the position of CDR to great extent.

- i) Banks to focus on increased flow in agriculture sector preferably in allied activities especially in Dairy & Dairy Products, Poultry, Food processing units etc. in a big way.
- ii) Banks to ensure achievement of allocated targets fixed under the various governments sponsored scheme i.e. PMEGP, NULM, NRLM with special thrust on MSME sector including financing under MUDRA scheme and Standup India Scheme. Recently launched Mukhya Mantri Swablamban Yojana in MSME sector will facilitate improvement in CDR.
- iii) Special thrust should be paid on bank lending to projects related to Tourism and Hydel Projects. State has big potential of small sized Hydel Power projects in Shimla, Kullu, Mandi and Chamba districts.

- iv) Achieving the targets set under the Annual Credit Plan by all the Banks. Government would be providing infrastructural support for creating conducive environment for smooth credit off take in the State.

COMMENTS BASED ON THE ABOVE DATA:

For analysis purpose, we have considered the real CD Ratio, i.e. the amount invested by Banks in HP State. All other funds i.e. RIDF, investments from outside in the State have been ignored. We have tried to find out the Deposit and Advances from 31.03.2010 has been considered for analysis.

1	Over the years, total deposit increased by 335.30% whereas advances increased only 219.39%
2	Average increase in deposits from 31.03.2010 has been Rs.9075 Crores per annum whereas advances on average terms increased only by Rs.2806 Crores per annum.
3	Over the 11 years period loans under Priority Sector increased 222.80%, out of which Agriculture loans increased 158.97%, MSE 267.79%, OPS at 251.15% and Non-Priority Sector 213.27%. The increased in Agriculture Sector remained the lowest one.
4	In the year 2010, percentage of Agriculture Advances to total advances was 24.13% which over the years decreased to 19.57%. Similarly, the share of MSE advances to total advances was 24.27% which increased to 27.95%. Advances to Other Priority Sector also increased from 15.81% to 17.38%. Advances under Non-Priority Sector showed a percentage to total advances on 31.03.2010 at 35.79% to 35.11% on 31.03.2021.
5	The CD ratio as on 31.03.2010 was 47.25% which reduced to 34.67% as on 31.03.2021 due to continuous fall in the credit off-take. As mentioned in point No.2, the deposit increased by Rs.9075 Crores per annum whereas the loans increased only by Rs.2806 Crores annually.

6	There are three major sectors for credit off-take under Priority Sector i.e. Agriculture, MSE and OPS. Out of the three segments, agriculture scored the lowest growth i.e. 158.97% as mentioned in Point No.3 above. It indicates reduced inclination towards agricultural activities in the State. The ratio indicates that people have preferred micro, small and medium enterprises under Industrial/Business Activities which showed highest growth of 267.79% during the period under analysis.
7	The percentage of Priority Sector to Total Advances as on 31.03.2010 was 64.21%, which is almost stagnant over the 11 years as it is 64.89% as on 31.03.2021. The highest ratio during the decade remained at 75.33% as on 31.03.2019 and lowest 63.43% as on 31.03.2011. The Non-Priority Sector share against total Advances is 35.79% as on 31.03.2010 which is also near about the same figure i.e. 35.11% as on 31.03.2021. The highest ratio was 36.57% as on 31.03.2011 whereas it was lowest as on 31.03.2019 at 24.67%.
8	Funds from outside are also invested in the State. As on 31.03.2011, 47.90% of funds were invested in the State from outside sources. With the passage of time, it has reduced to 22.84% as on 31.03.2021. The CD ratio calculated after adding outside funds was 67.37% as on 31.03.2011, but it has also reduced to 42.59% as on 31.03.2021. It shows that the demand of funds from outside is also decreasing year by year.
9	From the percentage of share of advances it appears that the consumers are almost stagnant. Under PS, it was 64.21% on 31.03.2010 but as on 31.03.2021 it is 64.89%. Similarly, under NPS, as on 31.03.2010 the advances share was 35.79% and as on 31.03.2021 it is 35.11%.

The House may review the position.

8.1) FINANCING UNDER KISAN CREDIT CARD (KCC) SCHEME:

Based on the guidelines/ instructions/ directives received from Govt. of India, Ministry of Finance, NABARD and RBI from time to time, **Banks are implementing Kisan Credit Cards (KCC) through their rural branches** to provide adequate and timely credit support from the banking system under a single window to the farmers to meet the short term credit requirements for cultivation of crops and other needs. Under the Scheme, farmers are being financed for the activities like:

- To meet the short term credit requirements for cultivation of crops.
- Post harvest expenses.
- Produce Marketing loan.
- Consumption requirements of farmers household.
- Working Capital for maintenance of farm assets and activities allied to agriculture, like dairy animals, inland fishery etc
- Investment credit requirement for agriculture and allied activities like pump sets, sprayers, dairy animals etc.

All KCC holders should necessarily be issued Rupay KCC Cards (Plastic Cards) in lieu of passbook based KCC to withdraw their drawing limit through ATM/PoS etc.

The district-wise position under KCC scheme up to the quarter ended March, 2022 as reported by Banks placed as below for review of the House.

Comment:

- 1) The figure of total number of farmers i.e. 936409 as obtained by LDMs from District level Authorities.
- 2) Banks have issued total 147943 KCCs as new KCCs as well as renewal of the existing KCC amounting to total disbursements of Rs. 3980.25 Crore during the quarter ended March, 2022.
- 3) The cumulative position indicates that banks have issued total 436231 KCC and having cumulative disbursement of Rs. 7779.19 Crore as of 31.03.2022.
- 4) Banks have issued total no. of 189038 KCC Rupay Cards to the Farmers.
- 5) On comparing the information related to KCC Outstanding (No. of A/Cs and corresponding amount) for Dec 2021 and March 2022, it was observed that the outstanding amount has increased from the last quarter.

1.1) Farmers coverage under KCC as of March, 2022:

In Himachal Pradesh there are total 9,36,409 farmers as reported by LDMs. As of 31.03.2022, banks have covered total 436231 farmers under KCC Scheme in Himachal Pradesh and thus the **average farmers' coverage under KCC Scheme reached to 47% in the State.**

In district **Bilaspur(44%), Chamba(25%), Kangra(32%), and Mandi(42%)** the average farmer coverage is **below the State average coverage under KCC.** Low coverage of Farmers in these district is matter of serious debate and matter needs to be deliberated at District level Review meeting of DLCC under the Chairmanship of Deputy Commissioner so that action points/ strategies can be chalked out for improvement in farmer coverage under the KCC scheme. **LDMs are requested to keep the issue of farmers' coverage under KCC as a standing agenda for the deliberation in DCC meeting.**

8.1.1 Financing of FPOs

The FPOs are not able to access Credit Facility from majority of Banks due to absence of specific Circular pertaining to the financing of FPOs. All Banks should formulate the Policy for financing the FPOs at the earliest.

Also, it has been ascertained that some Banks like State Bank of India, Punjab National Bank, Bank of Baroda, Bank of India and UCO Bank have issued circulars for financing of FPOs. However, the FPOs in our State are not able to access credit facility from the Banks due to absence of such instructions at Branch level. Member Banks are requested to circulate the guidelines to their branches to enable financing to FPOs.

Small Farmers Agri-Business Consortium (SFAC) is extending Credit Guarantee Fund Scheme to FPOs Registered under Cooperative Societies Act and financed by National Cooperative Development Corporation (NCDC).

The House may review the position.

8.2) FINANCING UNDER SELF HELP GROUPS (SHGS)

Self Help Group-Bank Linkage Programme (SBLP) aims to deliver financial products & services to the section of Indian population that lacks access to formal banking.

Self-Help Group (SHG)-Bank Linkage Programme has emerged as the major micro-finance programme in the country. It is being implemented by Commercial banks, Regional Rural Banks (RRBs) and cooperative banks.

Self Help Groups (SHGs)- Bank Linkage Programme is gaining importance especially on implementation of NRLM scheme and NULM Scheme which is entirely group centric, group driven poverty alleviation programme in rural as well as in

urban areas. All member banks are requested to pay preferred attention to Credit linkages of the SHGs.

The progress in credit linkages of SHGs reported by member Banks up to quarter ended Dec, 2021 mentioned as below for review of the House.

The summary position under the SHG scheme mentioned as below:

Achievement up to the quarter ended – March, 2022		Outstanding as of quarter ended March, 2022 (Cumulative)	
No.	Amount in Lakh	No.	Amount in Lakh
3347	4848.88	11240	13163.44

(Please refer to Annx-49 at page no- 137 for bank-wise progress under SHG scheme)

Comments:

- The cumulative position of credit linked SHGs showing total 11240 SHGs which indicate the active status of SHGs with banks as of 31.03.2022.
- The total number of credit linked SHGs has declined form the last quarter (11703 SHGs in Dec, 2021), as some banks have reported reduced figures. HP Gramin Bank has reported a major decline in credit linked SHGs from Dec, 2021.
- All the member Banks are requested to extend full cooperation to the SHGs approaching their branches in sanction of credit limits so as to help the needy SHG members to meet their social needs/start economic activity with financial assistance from the banking sector.
- As part of special Atma Nirbhar Bharat package, limit of collateral-free lending has been increased from Rs 10 lakhs to 20 lakhs for Women Self Help Groups.
- NABARD provides a grant assistance of Rs. 2000/- each for conduct of Village Level Camps (VLCs) for SHGs. Banks are requested to submit the proposals for conduct of VLPs to NABARD.

Aadhaar linkages in SHGs operated Bank accounts.

The DFS has issued guidelines to Banks that;

“For SHG Groups KYC/ Aadhaar number of SHG leader and other authorized signatory member would be sufficient for the SHG account”.

Member Banks are requested to ensure compliance of the above guidelines

Digitization of Self Help Groups under ‘E-Shakti’ project in Himachal Pradesh

The “E-Shakti” Project for digitization of all SHGs in the state has been initiated by NABARD under the GoI Mission for creating “Digital India”.

- In Himachal Pradesh, the digitization of SHGs is being implemented in four districts viz., Mandi, Sirmaur, Solan and Kangra through our NGO partners. As of now, 12000 SHGs have been digitized.
- Recently, E-Shakti Phase IV is being launched in Chamba and Bilaspur districts for digitization of 500 and 700 SHGs. Banks are requested to extend their cooperation for the same.
